☒ Yes

☐ No (skip to Part B)

5. I) Did you release or keep any burbot/lingcod?

Released: _____ Kept: _____

II) Do any of your burbot have a tag that looks like this? [example anchor tag]

☒ Yes

☐ No

Number of tagged burbot: 1

III) Do you have any burbot that you'd let us measure today?

☒ Yes

☐ No

Total length (mm): _____

Weight (g): _____

IV) We're looking at the sizes and ages of burbot in Carp Lake and need burbot heads to estimate age. Would you be willing to give us any today?

☒ Yes (sample collected Y / N)

☐ No

6. What kind of fishing gear are you using for burbot today? (circle all that apply)

☒ Set-line

☐ Other: _____

☐ Jigging

7. (If set-lining) At what time of day do you typically:

Part B: Burbot fishing at Carp Lake

10. About how often do you fish for burbot at Carp Lake each year?

- ☐ Once a year or less
☒ Between 2-5 times per year
☐ More than 5 times per year
☐ I come here regularly (e.g. once a month or more)
☐ Other: _____

11. Before we began this survey, were you aware there is a burbot tagging program happening at Carp Lake?

- ☐ Yes
☒ No

12. Because we have little information on burbot at this lake, we're trying to access fisher knowledge about burbot, and figure out how to encourage fishers to share what they know. We're looking at different ways to get people involved in reporting the tagged fish they catch. The next few questions are about that:

I) How likely do you think people fishing at Carp Lake are to report a tagged burbot by calling a phone number on a tag, if no reward is involved?

- ☐ Very unlikely
☐ Unlikely
☐ Neutral
☒ Likely
☐ Very likely

II) How likely do you think people would be to report a tagged burbot if there is a \$100 reward on the tag, awarded to you when you call the phone number?

- ☐ Very unlikely
☐ Unlikely
☐ Neutral
☐ Likely

☒ Very likely

- III) Can you think of other ways to report tagged burbot that would work better, or different rewards that would encourage reporting?

reporting online, uploading info & picture

If you would like to receive a summary of results, please feel free to provide your email address and we will add you to the list: abma330@icloud.com

If you have any questions or concerns about this burbot research at Carp Lake, please contact MSc student Liz Hirsch (ehirsch@unbc.ca).

Thank you for taking the time to participate in our study. We could not do this research without you!

shared beyond the research team. When reporting to academic and applied audiences, data will be shared in an anonymized way (e.g. "angler A35 reported catching 4 burbot").

Study Results

The results of this study will be reported in a graduate thesis and may also be published in academic journal articles, books and be presented in academic conferences, community meetings and reports. It might also be used in teaching, and in popular media. Study participants can provide us with an email address where we'll send a resulting data summary and an infographic. Contact information will be stored separately from survey responses and will not be shared. Once the project has ended, data has been returned and rewards distributed, contact information will be destroyed.

Who is funding this study?

The study includes funding from UNBC, BC Parks, and the Ministry of Forests via the Freshwater Fisheries Society of BC.

Questions or concerns about the project

If you have any questions, please ask us at any time during the survey or afterwards. You can contact us at ehirsch@unbc.ca and eduardo.martins@unbc.ca.

If you have any concerns or complaints about your rights and/or your experiences during this study, please contact the UNBC Office of Research at (250) 960 6735 or e-mail reb@unbc.ca.
